Signature Wired M520 for Business

Signature Wired M520 for Business is an ambidextrous mouse that offers an improved user experience with *USB-C* wired connectivity. Provides super fast scrolling and a customizable DPI button. Ideal for companies or industries that require wired solutions for reliability, physical security, or shared workspaces.

logitech®

- **A mouse for everyone:** The ambidextrous mouse is shaped for comfort and improves productivity for both left- and right-handed users.
- **SmartWheel technology:** Switch between super fast or precise, line-by-line scrolling with a flick of the SmartWheel.
- **Quiet clicking:** Stay focused with quiet clicks that are light to the touch. Silent Touch technology produces 90% less click noise.²
- **Customizable DPI button:** One-click to adjust mouse cursor speed on bigger screens. Customize the button for other shortcuts via Logi Tune or Logi Options+.¹
- **Multi-OS compatibility:** The mouse works with *Windows*, *ChromeOS*, *macOS*³, and *Linux*³, making it easy to deploy across the company.
- **Improved power efficiency:** Signature Wired M520 is designed with a power-saving model that consumes 68% less energy.⁴
- **Designed for sustainability:** Made with a minimum of 71% post-consumer recycled plastic⁵ and shipped in FSC™-certified paper packaging.

¹ Click noise reduced by over 90% compared to Logitech M185. Left click and typing dBA level measured by an independent lab at 1 meter.

² Customize device settings by installing the Logi Tune and Logi Options+ app available on Windows and macOS at logi.com/tune and logi.com/optionsplus

³ Logi Tune and Logi Options+ app are currently not supported. The device's basic functions will work without software.

⁴ Compared to the Logitech M500s mouse.

⁵ Excludes plastic in printed wiring assembly (PWA), cables, and packaging.

⁶ Requires Logi Tune downloaded on individual laptops.

⁷ Sold separately on logi.com and selective channels.
