

DATA SHEET

LOGITECH TOUCH CONTROLLER ACCESSORIES

With a range of mounting and cabling options, you can integrate and secure Tap or Tap IP touch controllers in almost any room. Accessories for Logitech touch controllers promote a clean and clutter-free meeting room appearance.

FLEXIBLE TOUCH CONTROLLER PLACEMENT

Logitech Tap and Tap IP touch controllers deliver one-touch join and a consistent experience across video meeting rooms, for room solutions from Google Meet™, Microsoft Teams®, Zoom™, and other video conferencing services. And with accessories for Logitech touch controllers, you can flexibly place Tap or Tap IP conveniently near participants to adapt to rooms of all shapes and sizes.

Secure the touch controller in place with the Table Mount or raise the viewing angle of Tap from 14° to 30° for better visibility on deeper tables with the Riser Mount. In smaller rooms, the Wall Mount preserves table space.

However your meeting rooms are configured, clean and secure cabling allows you to position meeting room devices, like Tap, a conference camera, or meeting room computer, without the constraints of power outlets, mounts, or room and table design.

TABLE MOUNT

Low-Profile with Pivot: Preserves the touch controller's sleek appearance and 14° screen angle while swiveling 180° for user convenience.

Fits Most Tables: Adjusts to tables up to 50mm (2 in) in thickness, and through grommets from 51 - 89mm (2 - 3.5 in) in diameter.

Cable Management: Supports down-routing of cables through the grommet for a clean appearance.

Product Dimensions

Tap with Table Mount

2.4 x 9.6 x 7.0 in

61 x 244 x 179 mm

Compatibility

Logitech Tap

Logitech Tap IP

Table Thickness: 0.75 - 2.0 in (20 - 50 mm)

Grommet Diameter: 2.0 - 3.5 in (51 - 89 mm)

Inside the Box

Table Mount Assembly

Cable Cinch

Documentation

Warranty

2-year limited hardware

RISER MOUNT

Low-Profile with Pivot: Elevates the touch controller to a 30° screen angle for better visibility in larger rooms, while swiveling 180° for user convenience.

Fits Most Tables: Adjusts to tables up to 50mm (2 in) in thickness, and through grommets from 51 - 89mm (2 - 3.5 in) in diameter.

Cable Management: Supports down-routing of cables through the grommet for a clean appearance.

Product Dimensions

Tap with Riser Mount

2.4 x 9.6 x 6.9 in

102 x 244 x 174 mm

Compatibility

Logitech Tap

Logitech Tap IP

Table Thickness: 0.75 - 2.0 in (20 - 50 mm)

Grommet Diameter: 2.0 - 3.5 in (51 - 89 mm)

WALL MOUNT

Flush Mounts to Any Wall: The plate and cleat construction adds virtually no thickness for a sleek appearance.

HDMI Cable Cinch: Hang an HDMI cable for easy access when deployed with applications that support wired content sharing.

In-Wall Cabling: Supports the touch controller's rear and bottom cable exits so you can route cabling either within or down the wall.

PC MOUNT

For room solutions equipped with a mini PC or Google Meet compute system, add a PC Mount to secure the computer out of sight and out of harm's way.

Cable Retention: Two-piece cable retention clamp relieves strain and keeps USB, HDMI, power, and network cables tight and secure.

Fits Most SFF PCs: Robust steel mount fits small form factor (SFF) computers, Google Meet compute systems, and mounting plates with a 75mm or 100mm VESA pattern.

Hideaway Design: Includes hardware to mount a PC behind a display on the wall, or beneath a table.

Product Dimensions

PC Mount with Cable Retention Clamp
1.02 x 6.46 x 9.84 in
26 x 164 x 250 mm

Compatibility

Small form factor (SFF) computer with
75 x 75 mm or 100 x 100 mm VESA pattern

Logitech Tap includes a Cat5e Kit to allow the USB-based touch controller to be powered and connected to the meeting room system over category cabling. Network-connected Logitech Tap IP requires a single PoE-enabled network cable or PoE Injector and ethernet cable (not included).

CAT5E KIT (FOR LOGITECH TAP)

All-Inclusive Kit: Custom-designed with all components and cabling required to supply power and connect Logitech Tap to a meeting room computer using Cat5e cable.

Category Cabling: Supplies both USB data and power, eliminating the need for a power outlet near Logitech Tap and freeing up more placement options for Tap in meeting rooms.

Minimal Clutter: Use the 10 meters of cable included with the Cat5e Kit or supply your own cabling for runs of up to 40 meters. Cat5e allows for precise cable lengths, reducing clutter beneath tables.

Compatibility

Cable Type: Cat5e or higher [up to 40 meters (131.23 ft) in total length]

Inside the Box

Logitech Tap Receiver

Dongle Transceiver

100-240v Power Supply with International Adaptor Set

2.97m/9.74 ft Cat5e Cable

7.0m/22.96 ft Cat5e Cable
